- Requesting information and making complaints in hotels, restaurants and shops

Level 3 Intermediate

- Your ideal holiday and how you would like things to be
- Describing your favourite films or other leisure activities and making comparisons

Level 4 Intermediate Plus

This upper intermediate level course will ask learners to process more complex authentic material and use a range of grammatical structures in both speaking and writing. By the end of this course you should be able to interact with a degree of fluency in familiar contexts, present clear detailed descriptions and express and explain a viewpoint. Your course will cover topics such as:

- Revision and extension of topics in Level 1, Level 2 and Level 3
- The use of the subjunctive mood
- Developing all four skills with the focus on the comprehension and use of complex structures and increased spontaneity and fluency when speaking

The course content will be tailored to learners' needs and interests and is likely to cover topical issues as they arise, such as current affairs or news items.

The focus is on maintaining advanced conversational skills with some reading/listening material used as a basis for oral practice and some written work undertaken for homework.
